Igor sent me a prodigious amount of Rose files as translations of the Analysis Patterns documents into UML. I hope you find these useful, and remember all the credit is due to Igor.

**Figure 5.1**

```
Object          String
| *              | name |
|                | 0..1 |
```

**Figure 5.2**

```
Object          String
| *              | names |
```

**Figure 5.3**

```
Object          String
| 0..1           | id |
|                | 0..1 |
```
